## OLYMPIC HERO IS NOT ON ELEVEN AT U. OF PENNSYLVANIA

Fears Taking on Flesh If He Trains for Football.

### Yale Team Given Indoor Instruction

NEW HAVEN, Conn., Sept. 28.—As a stiff game was expected from Holy Cross this afternoon Head Coach Arthur Howe, of Yale, summoned his eleven gladiators in the gymnasium this morning for final instructions. Several new faces were seen among the varsity men. All the players were in fine trim but the coaches expect the Blues to win, although they would make no prediction on the score.

coaches and this is not a disguised fact, as every effort has been made to develop two men to take the places of Hart and Wymard, last year's star forwards. Capt. Jack Hegarty and Ritch are at present in the tackle position, and the coaches are eagerly waiting to see what these men can do.

The absence of Reinschold and his failure to report earlier has made a decided difference in the progress of the team. The big blond lineman is expected to make good on one of the tackles, but he has been in football clothes for but three days. Hegarty has not played at tackle since "prep" days, and Ritch, a center, is willing, but lacks experience at that game.

Several shifts are likely to occur in today's game, and it is probable that many of the men will get a show at making themselves known. Campazzi is to start in at fullback in Jim Dunn's place, Dunn being unable to play on account of an injury to his left arm.

Bud Wymard is on the "jinx" list today, having the cartilage in his nose broken in scrimmage. He will be out of the game for some time. Furry and Costello are in first-class shape, as are Foley and Calnan, who will start in at quarter.

The Maryland Agricultural College and Technical High School meet today in their first game of the season. Tech has been on the field a few times, and the Aggies have had little opportunity to get any hard practice in preparation for the game.

The teams will be fairly evenly matched in weight and should put up a good game of football. M. A. C. has been bolstered up considerably and has as yet been unable to show its true strength. Many students will be worked out by Coach Byrd in the game today.

Central and Gonzaga meet today. Gonzaga has reported a number of good men in its squad and is well prepared for Central. While the strength of the team is unknown, reports have it that the North Carolina street school will later on be able to cope with any of the prep school teams in the city. Coach Thomas of Central possesses a team as heavy as that which last year won the high school championship.

## NAVY COACHES PUT BROWN AT GUARD TO STRENGTHEN CENTER

Middies Should Have Heavy Eleven With Changes Being Made.

ANNAPOLIS, Md., Sept. 28.—"Big" Brown, who played tackle last season on the navy team, is back at the position of guard, which he played the year before. This makes a great, big center trio, with Howe at the other guard and Ingram between them. Redman and Vaughan are at the tackles and Overeach and Austin at ends.

Another big change is the placing of Hall and McCreary, heretofore blenders at the halfbacks. Both are big, heavy fellows and are apparently being taught the work of fullback in order to secure line breaking backs to take the place of Dalton.

Dalton, last year's captain, was on the field yesterday as one of the assistant coaches.

## BINGLES AND BUNTS

By Grantland Rice

### The Dope on It.

Whom are we picking to win it?  
 How are we sizing 'em up?  
 Which of the two will horn it?  
 Guising the bulk of the cup?

Jimmy Isaminger can now cheer up. Reports from Boston are to the effect that Mr. Larry Gardner's injured mitt will soon round to and thereby leave that athlete in great shape to write the series. As things now go in both camps, it doesn't make so much difference about his ball playing provided his fountain pen is in mid-season form.

The motto of the game today is about this: "The pen is mightier than the bat."

Which recalls the fact that we are still waiting for a vote from our genial constituents as to which course of world series reading they are inclined—a great ball player who can't write the game, or a great writer who never saw one. It is up to you, gentle and rough readers. The polls are open. Step up and vote.

We drew a vast amount of wordage last fall on certain "grooves." Are the experts now ready to report on the latitude and longitude of Speaker's weakness, or that of Meyers and Doyle?

No wonder C. Webb Murphy is howling bloody murder. In the last seven years Frank Chance has only won four pennants and finished second three times.

## DARTMOUTH TAKES ON BATES ELEVEN IN INITIAL CONTEST

Signal Practice Is Last Workout Before Opening Season.

HANOVER, N. H., Sept. 28.—In preparation for the season's opening football game with Bates College today, the Dartmouth squad was put through a long signal practice yesterday, with no attempt to incur more injuries by a scrimmage. More progress in the development of new plays and the perfection of a theoretical defense was made than in the entire two weeks of practice to date.

The Dartmouth supporters enter the contest with the knowledge that their team is as yet an unknown quantity, and the fact that Peor, Englehorn, Morey, Bennett, and Dunbar will all be unable to play detracts largely from its playing strength.

### Expect Large Crowd.

PHILADELPHIA, Sept. 28.—A record crowd for an opening football game was expected for the Pennsylvania-Gettysburg struggle on the Franklin Field gridiron this afternoon. Coach Smith is satisfied with the way his men have gotten into form, and predicts an easy victory.

### BALTIMORE & OHIO LAUREL RACES

Well, taking all details together, Where the renowned spotlight flames, This may be a dream, but it looks like the team That can tear off the first four games.

This showing dispels the report that C. Webb is a tough loser. How can you expect a cluberner to stand for work of this sort without emitting a roar? It's a pity that Odessa, Hong Kong or Calcutta can't put in a draft which will call C. Webb from his accustomed beat. Not that we have anything against Odessa, etc. But they have been used to standing for more than C. Webb's arrival will find them better acclimated than we are.

If we appear to be wrong in our estimate of Mr. Murphy you might call up France Chance and obtain his version. We would gladly print it here if it wasn't for the postal rules and regulations.

As all Boston heaved a sigh of relief when J. Wood returned with his accustomed aplomb, so all Manhattan is lamping Mr. Marquard with earnest and intent gaze. Our athletes certainly keep us keyed to a taut pitch with their genial temperamental ins and outs. But if they were all Hans Wagners or Joe Woods, that variety which is said to be the spice of life would be missing, leaving existence dull and flat.

NOTICE—Early next week we will have a full resume of the world series, showing the styles of fountain pens to be used, the color of the copy paper each will write on, and the courses each one has taken in colleges of note. It will be an exhaustive article dealing with the literary capabilities of all hands involved in the greatest writing carnival ever staged.

## FOOTBALL DEBUT IS MADE TODAY

Cornell Has the Hardest Game of Day, Clashing With Colgate College—Harvard Opens Against University of Maine.

NEW YORK, Sept. 28.—Today marks the real opening of the 1912 football season, although most of the games will be in the East. Few of the Western teams get into action, the principal reason being the big eight rule fixing the opening date for practice. In the East, Yale, Cornell, and Carleton continue the practice series begun last week.

Harvard opens against the University of Maine. Much is expected of the Crimson backfield, which includes, besides the mighty Wendell, a new sensation in Brickley, a 150-pound back, who has starred both at rushing the ball and kicking.

Princeton, with Captain Pendleton at quarterback and the sensational Waller in the backfield, expects an easy romp with Stevens. Pennsylvania has Gettysburg scheduled at Franklin Field. Cornell was thought to have the hardest workout of the day, the Ithacans having Colgate as opponent. Yale and Carleton anticipate little trouble with Holy Cross and Dickinson, respectively.

### FIRST-NIGHT SCORES IN DUCKPIN LEAGUE ARE SATISFACTORY

Bowling Teams Take Names of American League Clubs.

The American Duckpin League, taking the names of teams in the American Baseball League, rolled its initial games last night. Scores, although small, were good for so early in the season. Six teams rolled, the Climbers and Red Sox being forced to roll-off, which resulted in a score of 33 for the Red Sox and 24 for the Climbers. Star individual bowlers were Groff, Red Sox, 100; Woods, Climbers, 115; Kluge, Climbers, 106; Wilson, Tigers, 121; Kluge, Tigers, 106; Allen, White Sox, 110; T. Clark, Naps, 100; and A. Noack, Naps, 101.

### But Four Veterans in Harvard Line-up

CAMBRIDGE, Mass., Sept. 28.—Only four varsity veterans were included in the Crimson line-up announced for the game with Maine this afternoon. Captain Wendell said he would not go into the game.

### Cornell Not Confident Of Beating Colgate

ITHACA, N. Y., Sept. 28.—Although he has had only two days practice this season, "Bull" Schuler was ordered into half-back position on the Cornell team for the game with Colgate this afternoon. Coach Al Sharpe was not any too sanguine over the outlook.

### McCarthy vs. Kauffman.

PITTSBURGH, Pa., Sept. 28.—Articles were signed here today for an open-air fight between Luther McCarthy and Al Kauffman at San Francisco, October 12.

## All Sores Are Not Cancerous

While all Old Sores are not cancerous in their nature, every slow healing ulcer shows a degenerated condition of the blood. Virulent impurities in the circulation produce angry, discharging ulcers, while milder and more inert germs are usually manifested in the form of indolent sores or dry, scabby places. Efforts to heal an old sore with external applications always result in failure because such treatment does not reach the blood. S. S. S. heals old sores of every nature by purifying the blood. It goes to the fountain-head of the trouble and drives out the germ-producing poisons and morbid impurities which prevent the place from healing. Then a stream of rich, nourishing blood, which S. S. S. creates, causes a perfect and natural knitting together of all flesh fibres, making a thorough and permanent cure. The sore does not "come back" when S. S. S. has made a cure, because its source has been destroyed. Book on Sores and Ulcers and any medical advice free.
